

**Homework # 22**

6 ALL

4 Feb 2009

Dear Parents:

SEP conferences will be 4 & 5 Feb. Please help students evaluate where they have progressed on their goals and where they wish to progress further. I will try to help each to prepare for Jr. High.

We have finished all country reports. I have been impressed with the preparation and delivery skills exhibited. Some refinements will occur during the rest of the year, but this experience has been worthwhile, and the students will always remember their individual presentations. Thanks for all your help.
