

Homework # 6

6 ALL

24 Sep 2008

We are learning names like Ashurbanipal, Hammurabi, and Menes. Those are some of the people we'll study this year. Parents have my permission to learn them too.

SEP conferences will be 8 and 9 October. I look forward to meeting with you and seeing what goals the students choose for the coming term. The experiment with metacognition may give them some direction.
